

Your mercy's above my suffering  
Your grace is above my sin  
Your love is beyond all measuring  
And I know who's Hands I'm in

Your patience endures your love for me  
Your kindness for me to live  
Your goodness Oh Lord, my covering  
And I know who's Hands I'm in

Into your Hands Oh Lord, I lay my life down  
My hope and my trust in You, my King  
In you I stand, for You've enabled me  
To know who's Hands I'm in

Your gentleness Lord, surrounding me  
Your joy lifting up my need  
Your peace for I know You treasure me  
And I know who's Hands I'm in

You Alone Are God

11/14/2005

The little that I know  
The little that I've seen  
The little that I've lived  
The little that I've been  
Can't compare with You, my Lord, in all Your majesty  
All I am, will ever be, I can't compare You, Lord, with me for

You alone are God, You alone are God  
You alone are God, You alone are God

I question all the time  
Things You need not ask, because You know them  
The reason and the rhyme  
All the questions, all the answers, Lord, You wrote them  
Long before You knew I'd ask them, they were all resolved  
I am sure You'd tell me, if it wasn't so involved

You alone are God, You alone are God  
You alone are God, You alone are God

Why Lord, tell me why You need to let us hurt so much  
When it's all as simple as Your gentle, healing touch

I only want to know  
Because it means so much, Lord when You take them  
It always breaks my heart  
Less the ones' awake, then unawakened  
But You know the one's You've called and those they'd You reject  
All and all are in Your hands, the lost and the elect

You alone are God, You alone are God  
You alone are God, You alone are God

There is a place, such a beautiful place  
Where my Father dwells in heaven and some day I'll dwell too

There is a place, such a beautiful place  
It's my Father's will in heaven that you will be there too

But, you've got to know Jesus  
You've got to know Jesus  
You've got to know Jesus  
'Cause surely He knows you

There is a place, such a wonderful place  
It's a place of peace and beauty, so beyond compare

And in this place, this magnificent place  
Is the heart of our Creator, He one day wants you to be there

So seek His face here, right now in this place  
Today's the day of your salvation, if only you'll believe  
In Jesus Christ, the Son of God

And by God's grace, His magnificent grace  
You'll be with the Lord in heaven when it comes your time to leave

But, you've got to know Jesus  
You've got to know Jesus  
You've got to know Jesus  
The Way, the Life, the Truth

But, you've got to know Jesus  
You've got to know Jesus  
You've got to know Jesus  
As your Lord and Savior, He desires to know you

In the midst of the mourning there's unspeakable joy  
For those who are in Christ Jesus  
And the pain of our loss is the gain of our loved one  
If they are in Christ Jesus

Passing, in this life passing  
From our birth we're passing through  
Lasting to everlasting  
By His death we have life eternally new

In the midst of the sadness there is comfort and peace  
For we who are in Christ Jesus  
And we know guaranteed that our loved one is safe  
In His arms, if in Christ Jesus

Dying, hey we're all dying  
From our birth destined to die  
Living, forever living  
There's only One to help us, He is Jesus, the Christ

So for those now in Heaven there's not one single tear  
For they are with Christ Jesus  
As for us now still here, let's make perfectly sure  
That our lives are in Christ Jesus

So that one day we may be with Him and our family  
Those who are in Christ Jesus  
And we who are in Christ Jesus

Believe In Me

8/4/97

I love you My child as I love this child I've taken from you

Believe in Me, My purposes have been fulfilled

.And at least for a while you will not enjoy this fruit of labor

Trust in Me and know it is My perfect will

For My thoughts are not your thoughts

And your ways are not My ways

\* Believe in Me and trust in Me

Don't look to others for your consolation find it in Me

Believe in Me and put your faith where it belongs

Your source of strength and your salvation, Believe in Me

I treasure you my child as I treasure My own Son I've given

The loss I suffered you can now begin to understand

But there's a reason to smile in the midst of all your mourning

Today a seed of faith's been planted in you trusting in My perfect plan

You will see your son again

As I see My Son again

I have not forsaken you or left you all alone

My Holy Spirit's always there to comfort you

Many things now hidden from you some day will be shown to you

When I call you home, but until then \*

lyrics & music by Billy Christopher © 1997

Mommy, Daddy I'm here with the Lord  
singing and laughing with joy  
I am having such fun with Him  
and all of the other girls and boys

Jesus loves me so very much  
He tells me so all of the time  
He just can't get enough of me  
He just loves to hold me in His arms

I'm safe in His arms, I'm here in His arms  
Oh, He's so beautiful to see  
He's smiling right now and giving me kisses  
and telling me all about me  
Jesus knows all about me  
Jesus knows what's best for me

He knows you are all very sad  
and right now you don't understand  
but He told me He loves you too  
and some day you will understand

I know I can't be with you now  
but Jesus said I'll see you again  
if you know Him you will be here  
and we will all live in Heaven

I'm with Jesus now  
And this is where I've always longed to be  
I'm with Jesus now  
Of sadness pain and suffering, I'm free  
No more sorrow, no more tears  
I have overcome life's final fear

I'm with Jesus now  
I'm finally with my Lord and Risen King  
I'm with Jesus now  
And death, oh foolish death, where is thy sting  
For the victory is the Lord's and I'm one of His rewards

I'm with Jesus now  
The One who paid the price for all my sins  
I'm with Jesus now  
And now is when my life truly begins  
I will miss you for a while, but I know I'll see your smiles again

I'm with Jesus now  
To tell you what it's like where to begin  
I'm with Jesus now  
It is perfect peace to know and be with Him  
He is Love, He is All, my friends please listen to His call

Come to Jesus now  
I know you won't be sorry if you do  
Come to Jesus now  
He wants so much to share Himself with you  
In your heart invite Him in and some day you'll be where I am

I'm with Jesus now

Come to Jesus now

The Lord He is with me wherever I go  
Steadfast and true He is for me  
The Lord will be with me wherever I go  
He'll never leave nor forsake me

The Lord is my Shepherd I'll not be in want  
He makes me lie down in green pastures  
He leads me by waters quiet & still  
And so my soul He restoreth

He guides me in paths of true righteousness  
This for His name's sake He blesseth  
Even though I walk, I don't walk alone  
Through the valley of the shadow of death

I will fear no evil for You are with me  
Your rod and staff they comfort, Lord they comfort me  
You prepare a table before me in the presence of my enemies  
You anoint my head with oil, my cup it overflows, my cup it overflows

Surely goodness and mercy will follow me  
All of the days of my life  
And I will dwell in the House of the Lord  
Yes I will dwell there forever

It's time for me to go to be with Jesus  
I've had a life that's long with many years  
The Lord has blessed me more than I could ever hope for  
And He's given me my share of joyful tears

But now it's time for me to go to be with Jesus  
He's calling me I hear his voice so clearly  
And though it's difficult to leave this earthly body given  
And all the precious one's right here I love so dearly

I must go to Him for He is calling  
I must run to Him the time has come  
I must cling to Him if I ever hope to see you again  
In His mercy I hope He saves you as well

It's time for me to go to be with Jesus  
It's time this earthly body's passed away  
But the Lord has promised me I'll get a new one  
And this new one will not see death or decay

So I'm going now to be with my friend Jesus  
I know that He will take good care of me  
And if you let Him too, He'll take care of you forever and ever  
Reach out to Him, I know that you will see

Your salvation must be in Him  
As I found out almost too late  
You must cling to Him if you ever hope to see me again  
And in His mercy He will save you as well

It's time for me to go to be with Jesus  
At my bedside he waits patiently  
To take me to a better place with no more pain or tears  
No more suffering just Holy Blessed peace  
So I'm going now to be with my friend Jesus  
His gentle hand is leading me away  
So long for now I'll see you soon at least I hope so  
If you'll take His hand believe in Him before you pass away

We Will Walk  
(Only Now In Heaven)

4/6/2011

You know you're always telling me exactly how life's supposed to be  
Well, things don't always go the way we've planned  
Sometimes at best, what's scheduled fails, unseen, foreseen, to no avail  
But always our fate's in the Masters' Hands

He's our Creator, He's our Provider, He's the Insider, He knows it all  
He's always ready, unshaken, steady  
He holds the course in all our lives, whether we stand or if we're falling

He will lift us up in our time of need  
He will comfort us as our hearts are bleeding  
He will walk with us, the question is will we walk with Him

So nothing seems to go your way, you know my friend, that's quite o.k.  
I'm learning nothing's perfect but His peace  
So why don't we stop playing games and just allow the Lord to reign  
He's solely got the ways and got the means

He rules the heavens and yet He's gentle, He's strong in power, yet fully meek  
And if we let Him, you know He'll guide us  
Safely to our destination in Him, watch and you will see

He will lift us up in our time of need  
He will comfort us as our hearts are bleeding  
He will walk with us, come walk with Him

And He'll raise us up when our days are done  
So let's look to Him, God's so Precious Son  
He will save us if we put our trust in Him

He will lift us up on that final day  
When our time has come, there'll be no delay  
We will walk with Him as on earth we did, only now in Heaven

Only now in Heaven
